## WHO WE ARE

# An OEM and private-label leather factory, forty minutes from Delhi airport.

Hide Fashion is the public name of NXTGEN Hide Fashion Private Limited, a leather goods manufacturer in Sector 63, Noida, India.

We develop and produce leather jackets and outerwear, bags, belts and small leather goods for export brands in Europe, Japan, the United States, the Middle East and Asia-Pacific.

Send a tech pack, a reference sample or the code of a style from this catalog. We develop, sample and produce to it, and the finished product ships under your label.
