

HIDE ▲ FASHION

AUTUMN 2026

Leather Jackets

Leather jackets and bags, developed and produced in Noida, India.

WHO WE ARE

An OEM and private-label leather factory, forty minutes from Delhi airport.

Hide Fashion is the public name of NXTGEN Hide Fashion Private Limited, a leather goods manufacturer in Sector 63, Noida, India.

We develop and produce leather jackets and outerwear, bags, belts and small leather goods for export brands in Europe, Japan, the United States, the Middle East and Asia-Pacific.

Send a tech pack, a reference sample or the code of a style from this catalog. We develop, sample and produce to it, and the finished product ships under your label.

Sedex member · SMETA 4-Pillar audited (labour, health and safety, environment, business ethics)

OUR INFRASTRUCTURE

Cutting, stitching, finishing and final QC under one roof.

LEATHER CUTTING

PATTERN LAYOUT

STITCHING LINE

What we value, and how we stand out

Quality you can trace

Every piece carries a printed label and a record: a 9-point in-line check at stitching, a 13-point finishing check and a 23-point final QC, more than 50 checks in total. Sedex member, SMETA 4-Pillar audited.

Speed at the sample stage

A new customised design is sample-ready in 3 to 4 days; a sample from an existing base style in 1 to 2 days.

Two ways to start

OEM: bring your tech pack, pattern or sample. Private ODM: start from a factory-developed style in this catalog and direct the leather, hardware, finish and branding.

Seven stages, each with its check

01	02	03	04	05	06	07
Sampling	Cutting	Pre-assembly	Stitching	Finishing	Final QC	Packing
Sample, construction, fit and leather reviewed; pattern graded to your sizes.	Each piece placed around the natural character of the hide, cut and checked.	Cut pieces aligned, backed and marked for the sewing line.	Approved construction followed; 9-point in-line check at the line.	Adhesive removed, threads trimmed, edges prepared; 13-point check.	23-point check on every piece, recorded against its label.	Only approved pieces are protected, identified and packed.

Design modification, packaging and custom metal work

Every style in this catalog is a starting point. Set the parameters below in your brief.

Hardware and custom metal work

- YKK or Riri metal zips
- Snap fronts matched to the leather
- Buckles and throat tabs
- Custom logo hardware, badges and rivets
- Plating: brass, nickel, gunmetal or black

Hand-work

- Kari (Aari) hand embroidery
- Dome or pyramid studs from a stud map
- Fringe cut from the same hide
- Machine quilting
- Perforated panels

Finish and construction

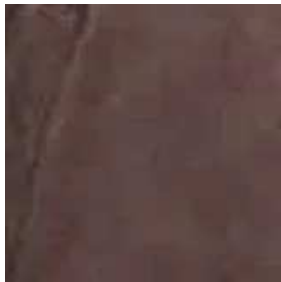

- Vintage garment wash
- Hand-applied wax
- Contrast topstitching
- Croc-effect emboss
- Lining, interlining and pocket layout to your spec

Packaging and branding

- Standard export packing (polybag, hanger, carton)
- Flat pack with tissue for bags
- Individual garment bag or dust bag
- Retail-ready hangers and ticketing
- Woven labels, leather patches and blind deboss

Leather library

Leather type, hand-feel, colour, weight and finish are compared against the brief before development begins and recorded at approval.

Lamb nappa
0.7–0.9 mm · softness 9/10
Fine, even grain; light; drapes close to the body
Japan and Europe

Italian-tanned lamb
0.6–0.8 mm · softness 10/10
Very fine grain; exceptionally light; certified origin
Japan

Goat, vintage wash
0.9–1.1 mm · softness 6/10
Pebbled grain; firmer hand; breaks in with wear
Europe and the UK

Goat suede
0.8–1.0 mm · softness 7/10
Short, even nap; matte; takes colour well
Europe

Cow, waxed pull-up
1.1–1.3 mm · softness 4/10
Tight grain; structured; wax marks and ages with use
Europe and North America

Lamb shearling
1.2–1.5 mm plus wool · softness 8/10
Wool inside, nappa or suede face outside; warm
Europe, Japan and North America

Sampling Send a tech pack, a reference sample or a style code from this catalog. A new design is sample-ready in 3 to 4 days; a base style in 1 to 2 days.	Approval You review fit, construction, leather and hardware. We revise until the sample is signed off.	Purchase order Your PO fixes styles, quantities, sizes, colours and the delivery date.	Invoice and advance We invoice with an advance of 30 to 40 percent depending on order quantity; the balance is due before shipment.	Production Production starts against the delivery date. You have visibility of status across cutting, stitching, finishing and final QC.	Delivery The order ships on the due date, FOB. Air or sea freight is arranged on request.	Repeat planning An early view of repeat orders lets us reserve leather, people and production time, which is reflected in price.

COMMERCIAL

Payment methods

Bank wire (T/T)

30 to 40 percent advance with the purchase order, balance before shipment. USD, EUR or GBP.

TERMS

- FOB Delhi as standard; air or sea freight arranged on request.
- MOQ 50 pieces a style; the confirmed minimum depends on leather, construction and hand-work and is set at quotation.
- Pricing follows privately once the brief or style selection is reviewed.

Thank you

Send a style code, a tech pack or a brief. We reply within two working days from Noida.
